

## Forklift Refresher

UNIT STANDARD: N/A

### Outline

*This refresher course is designed to help forklift operators and workplaces maintain compliance with industry certification standards. It will update students on any new legislation, address skills or knowledge gaps, and emphasise the importance of driver safety and safe work practices. It will ensure students are operating in line with the approved Code of Practice for Training Operators and Instructors of Powered Industrial Lift Trucks (Forklifts) (1995).*

*The Virtual Reality (VR) simulation component offers a consistent and objective evaluation of the forklift operator.*

*During simulator modules, candidates are exposed to several VR simulated road and workplace conditions, and environments including potential scenarios impossible to replicate outside VR without unacceptable risk to people or equipment.*

*Unit standards are not awarded on this course.*

This course has been designed for:

- Individuals who currently operate forklifts as part of their job responsibilities. Including warehouse workers, construction workers, manufacturing personnel, logistics professionals, and anyone else who regularly handles materials using forklift equipment.
- Additionally, employers, safety managers, and regulatory bodies as they are responsible for ensuring compliance with safety standards and regulations related to forklift operations.

### Prerequisites

Recommended skills and knowledge:

- + US 10851 Operate a powered industrial lift truck (forklift).
- + US 18496 Demonstrate knowledge and skills for the driving of a forklift on a road for endorsement F (forklifts).

### Objectives

On successful completion, students will be able to:

- + Demonstrate knowledge of the safe operation of a forklift.
- + Conduct pre-operational inspections and start-up procedures for a forklift.
- + Demonstrate safe driving skills on the road, considering various environmental factors.
- + Park and shut down the forklift, ensuring safety and security.

-  Inhouse
-  Public
-  Face to face

### ASSESSMENT:

This course has an on-course assessment.

**DURATION:** 3 ½ hours

**CLASS SIZE:** 10
